His Excellency Mr. Zeljko Radulovic
Charge d'affaires
Embassy of Montenegro in the Republic of Azerbaijan

Dear Mr. Zeljko Radulovic,

ADA University is a state higher education institution engaging in the delivery of undergraduate and graduate degree programs. We offer undergraduate programs and graduate programs through our School of Public and International Affairs, School of Business, School of IT and Engineering, and School of Education.

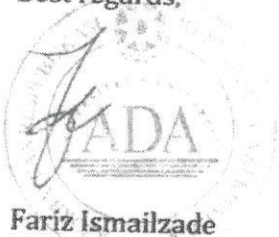

Every year ADA University hosts a diverse group of international students from different countries around the globe. Currently, 130 international students representing 47 countries are pursuing their bachelor and master's degrees at ADA University. Our institution offers different financial aid options to international students. This year we are planning to increase our recruitment and outreach activities to attract more students from your country.

Students from Montenegro may apply for the ADA University International Fellowship named after Alimardan bay Topchubashov that covers tuition and accommodation only.

In order to better serve the needs of international students and increase awareness among the embassies accredited in Azerbaijan, our representative from ADA University Office of Admissions and Student Records (Ms. Mahnur Abbasova mabbasova@ada.edu.az; 050 274 95 52) would like to organize an online meeting with the relevant representative from your embassy to discuss the details of our offerings for the students from your country.

We would like to express our gratitude you made to strengthen the bilateral relations between our countries.

Best regards,

Fariz Ismailzade
Executive Vice Rector
